

INNOVATION VILLAGE

INNOVATION VILLAGE – THE HUB FOR START-UPS, INVESTORS & INNOVATORS

For the fourth time at SEMICON Europa, INNOVATION VILLAGE will bring early-stage technology companies, the semiconductor industry's top strategic investors, and leading technology partners together.

14-17
NOVEMBER
2017

Messe München,
Munich, Germany

INNOVATION VILLAGE WILL OFFER:

- A start-up pitch session
- An innovative partner program with demos

- Innovation Partners: investors, financial analysts, service providers, specialized consultants, venture capitalists, capital risks, business angels, and more

WHAT IS INNOVATION VILLAGE?

- Up to 30 start-up kiosks
- Up to 5 partner booths
- 400m² dedicated to networking
- Innovation Arena

WHO WILL VISIT?

- Entrepreneurs engaged in electronic innovation
- Investment professionals, business angels, venture capitalists, and corporate and institutional ventures
- R&D, CTO and chief innovation officers, purchasing and supply chain managers, manufacturing senior executives from the electronic industry, and new technology scouts
- Innovation industry representatives

WHO WILL EXHIBIT?

- Up to 30 of the most promising European start-ups in the domain of micro-electronics and electronic applications

CO-LOCATED WITH:

productronica 2017

BENEFITS OF EXHIBITING

START-UPS

- Direct contact with investment professionals
- Increased international visibility
- Opportunity to showcase your start-up's new technology to industry specialists

INNOVATION PARTNERS

HOW TO PARTICIPATE IN THE START-UP EXHIBITION

FIRST REGISTERED, FIRST SERVED!

- Start-ups will be selected based on an application process
- To apply, a start-up must fill out a Request for Participation (RFP) form and send it to SEMI Europe (semiconeuropa@semi.org)
- The RFP form is available online at www.semiconeuropa.org
- The SIF Committee will be responsible for reviewing the RFP forms and choosing the qualified start-ups
- Start-ups will be notified of the results of their application from 15 September 2017
