B 7 Stand design and equipment

NEW GUIDELINE as of electronica 2018/SEMICON Europa 2018

In order to preserve the character of the trade fair as a communications and business trade show, exhibitors are requested to ensure an open stand design. Messe München GmbH is entitled to demand changes in the exhibition stand design in this context. Stand designs can only be approved if the open sides of the booth have a uniformly open design. Erecting closed walls is permitted, provided they do not take up more than **70%** of the total length of the respective stand side, and completely closed walls may be no more than **6 m** in length. A closed length of wall measuring **6 m** must be followed by an opening at least **2 m** wide. This ruling does not apply if the respective wall is set back from the stand perimeter by at least **2 m**. Messe München GmbH reserves the right to allow exceptions to this ruling in individual.

The partition walls facing the neighboring stand must be kept white, neutral, free of installations and clean above a height of **2.50 m**. It is recommended that exhibitors install partition walls (height **2.50 m**) as demarcation to neighboring stands. Messe München GmbH supplies partition walls only at the request and expense of the exhibitor. Partition walls or additional cabin walls (height

2.50 m) can be ordered in the Exhibitor Shop. In the case of advertising structures directly facing adjoining stands, there must be a minimum distance of **2 m** to the stand perimeters. Flashing or changing lights must not be used for advertising purposes. The stand design must be adapted to suit the type of rented stand (row, corner, end, island stand), e.g. by partition wall systems. The exhibition stand should also meet the character of the respective trade fair to preserve the visual identity of the event. Messe München GmbH is entitled to demand changes in stand design on this account.

Planning permission

As a matter of principle, every planner/designer of an exhibition stand is responsible for compliance with public statutory regulations, insofar as applicable to exhibition stands, and compliance with Messe München GmbH's Technical Guidelines as well as the General Terms of Participation. No planning approval from Messe München GmbH is necessary given compliance with the following requirements:

- stand and/or advertising structures no higher than **3 m**
- stand area no larger than **100 m²**
- stand is without covering.

Any stand concepts in non-compliance with the aforementioned requirements are to be submitted in duplicate for approval to Messe München GmbH's Technical Exhibition Services Division, containing to-scale stand design plans (ground plan, elevations and sectional drawings) no later than 6 weeks prior to official setup date. If items are to be suspended from the hall ceiling, the work involved must be carried out by Messe München GmbH's contractors. The placing of motor vehicles of any kind on the stand area for exhibition or decorative purposes is prohibited and is permissible only in exceptional cases on the prior written consent of the Exhibition Management. Moreover, multi-story stands and special constructions (such as bridges, stairs, cantilever roofs, galleries, etc.) are as a general rule subject to separate approval. Please consult the "Building Regulations" set out under "Leaflets—applications" in the Exhibitor Shop for further information. **Please note under all circumstances the requirements set out in the Technical Guidelines and the information included in the individual notices.** The respective exhibitor services order forms for further processing and additional stand services will be made available to you in due time.

B 8 Official regulations and permits

In the erection, operation and dismantling of their structures at the exhibition center, exhibitors are to comply with all statutory and official regulations as well as the relevant requirements of Messe München GmbH and especially those from the Terms of Participation and the Technical Guidelines. In addition to the

Technical Guidelines, the relevant safety regulations of the TÜV (German organizations for technical inspection and control) also apply to all exhibits and other equipment and facilities; recognized codes of practice are to be complied with.

B 9 Technical installations

The technical services designated accordingly in the Technical Guidelines such as the provision of installations to supply the stand with electricity and water can be ordered only from Messe München GmbH available by September 26, 2018.

Wired telecommunications equipment may only be provided by Messe München GmbH; Deutsche Telekom AG and other network operators are not authorized at the exhibition center. To connect his own stand area, the exhibitor may operate his own wireless LAN network at his stand after prior written approval from Messe München GmbH; the specifications of Messe München GmbH are to be complied with.

B 10 Use of equipment

Only cranes, fork-lift trucks and working platforms may be used that have been provided by the Messe München GmbH service partners responsible.

In special cases, permission must be obtained from Messe München GmbH's Technical Exhibition Services Division.

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 11 Sales regulations

The basic entry is subject to a charge (cf. B 3 mandatory communication fee). Exhibitors can book additional listings, e.g. in the product directory and other presentation opportunities in these communication media on a separate order form. Order forms will be sent to applicants in good time by the media service partner commissioned, who handles these extra listings with the applicant in his own name and on his own account. Messe München GmbH assumes no responsibility for the accuracy and completeness of the exhibitor catalog (print, online and mobile).

The exhibitor is solely responsible for the permissibility under law—and particularly the law on competition—of entries placed in the online exhibitor catalog (print, online and mobile) of Messe München GmbH at the instigation of the exhibitor. Should third parties assert claims against Messe München GmbH on account of the impermissibility of the entries under law in general or the law on competition, the placer of the entries shall hold Messe München GmbH fully safeguarded against all claims asserted including all costs of any necessary legal defense on the part of Messe München GmbH. The same applies to entries from exhibitors, co-exhibitors and exhibitors on joint stands that the respective exhibitor has arranged in the Messe München GmbH exhibitor catalog (print, online and mobile).

The exhibitor pass does NOT entitle the holder to free use of local public transport (MVG—Munich Transport and Tariff Association).

B 14 Communication/Circular letters

Following stand allocation, exhibitors will be informed by circular (e-mail) of further details concerning preparation and organization of the trade fair.

B 15 Noise, sound effects

Demonstrations of machines, video, music, stage shows etc. during the event (see opening hours) require the prior authorization of Messe München GmbH and must be conducted in such a way that no other exhibitors are disturbed or adversely affected. Accordingly, loudspeakers and other acoustic amplifiers/sound systems must be turned towards the exhibition stand and may not sound off on neighboring stands or aisles. The sound level may not exceed **70 dB (A)**

at the stand perimeter (see also Technical Guidelines 4.7.7, 5.8.1 and 5.15). Messe München GmbH reserves the right to limit or prohibit demonstrations of any kind—irrespective of previous authorization—causing noise, optical disturbances or for other reasons constituting a hazard or impairment to the event and especially to event participants. The relevant statutory provisions must be observed.

Special Terms of Participation (B)

The General Terms and Conditions of Participation A and the Technical Guidelines of Messe München GmbH shall apply, insofar as the present Special Terms of Participation do not contain any provisions in derogation thereof.

B 16 Photo, film and video shooting (cf. A 10)

For professional photo and film shots of the exhibitor's own stand during the running time of the fair, authorization is required from Messe München GmbH unless the exhibitor commissions persons who have already been admitted for this purpose and these possess a valid pass issued by Messe München GmbH. The exhibitor or the photographer commissioned receives the authorization at the security control center of Messe München GmbH, Administration

Building, access via Gate 1. For the authorization, a written order issued to the photographer is to be submitted. A fee of **EUR 50** is charged for the authorization. During show opening hours, the photo/filming team must additionally carry a valid exhibitor ticket (Print@home-Ticket for exhibitors) to be admitted entry to the fairgrounds.

B 17 Stand parties

Events on November 13, 14 and 15, 2018 may start at 18:00 and must end no later than 22:00. Until 22:30, the necessary clearing-up work may be undertaken on the stand area. By 23:00 at the latest, all persons must have left the fairgrounds. The exhibitor is responsible for ensuring that the attendees of his stand party do not access other trade fair booths or touch any exhibits located there. The exhibitor is to ensure that the attendees of his stand party follow the instructions of the safety and security service employed by Messe München GmbH.

The minimum scope of the safety and security services necessary is determined by Messe München GmbH. The exhibitor indemnifies and holds Messe München GmbH harmless in connection with the stand party.

The services provided by Messe München GmbH in connection with each stand party are charged to the exhibitor in the final invoice.

Services with regard to the receipt and dispatch of consignments are offered by the authorized freight forwarders at the exhibition center.

B 19 Restoration of exhibition areas

All exhibition areas must be handed over to Messe München GmbH's Technical Exhibition Services Division in their original condition by the stipulated date for completion of dismantling.

B 20 Advertising

The following provision replaces Clause A 11: No advertising activities, including the deployment of stationary and mobile advertising carriers, promotion teams or the distribution of printed media and food samplings may be conducted at the exhibition grounds outside the confines of the given exhibitor's stand, unless the exhibitor has applied for and obtained authorization from Messe München GmbH for such activities, which are subject to a fee. The charge for this authorization is set out in the order documents for advertising space. Messe München GmbH is entitled to stop unauthorized advertising activities

outside the confines of the rented stand space, in particular to expel persons who are used as advertising carriers from the site, and to confiscate, remove or destroy unauthorized advertising media.
